This is the first I've seen someone wearing a getup like that despite being shorter than me
You're kinda short.

That is a fact that all of us beasts know
The Military Club Head is extremely short

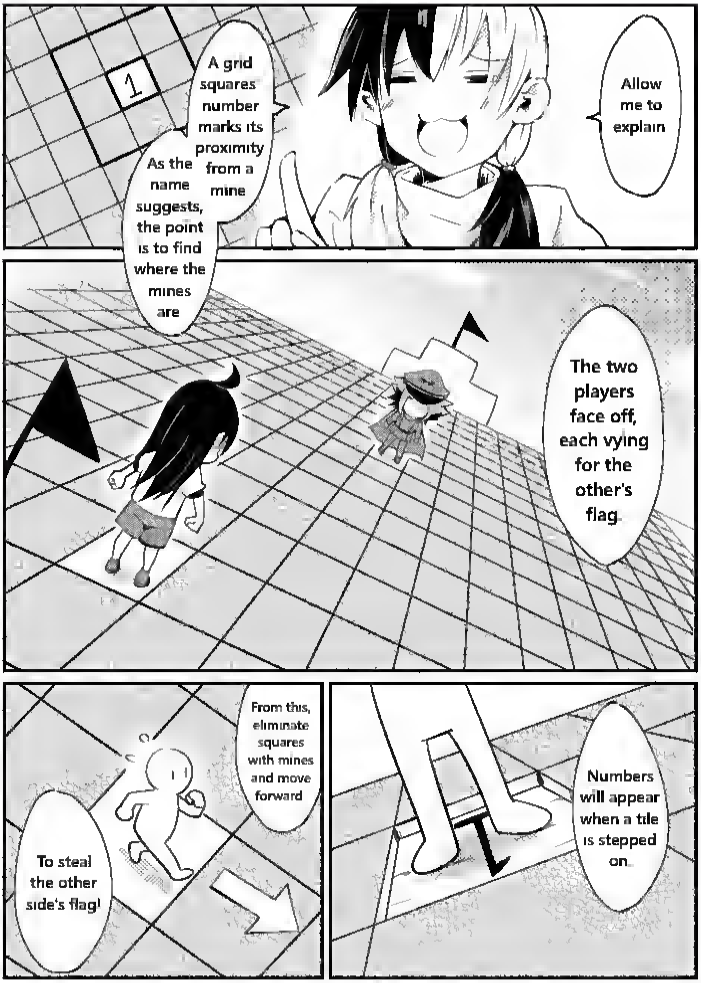
Today's event will be--
And here is the selection!
?!
LIVE MINE SWEEPER!

Isn't that what the Military Club Head is best at?!
Live Mine Sweeper...
The transfer student is in big trouble!
Heh heh...
Your loss is set in stone...
Ahaha.
A new student like you wouldn't know
But what exactly does this "Live Mine Sweeper" entail?
I know what Mine Sweeper is...



1
Allow me to explain
A grid squares number marks its proximity from a mine
As the name suggests, the point is to find where the mines are
The two players face off, each vying for the other's flag.
Numbers will appear when a tile is stepped on.
From this, eliminate squares with mines and move forward
To steal the other side's flag!

Stepping on one will make it explode, and it's game over (GG)
Of course, based on the numbers one can determine where they are
And... there's a special rule!!
Each side has a number of these small weighted flags...
Throw this little guy onto a tile with a mine,
And it'll set it off.
It's equivalent to a detonator

Ah, since the Military Club Head issued the Athletic Decision challenge,
We'll give this ordinary student a handicap of seven flags.
Senly the Club Head will receive five weighted flags
And the penalty will be double
Best of luck to the both of you.
Wu Hei Hei~
Aha, thank you
As principal I shall silently oversee the proceedings
Madame have a banana

Heh heh heh
Athletic Decision-- Live Mine Sweeping!
Let the match begin!
